VISION

In the near future, Barangay Estefania will be a community of unity and peace with service-oriented leaders and residents that gear towards progress.

MISSION

To render sincere and quality service to the people of Barangay Estefania through transparent, good governance and God-centered leadership.

HISTORICAL BACKGROUND

Barangay Estefania before and until now is widely known as an agricultural land because of its large tracts of sugarcane plantation within the area, most commonly called haciendas, owned by prominent clans of the Maravilla, Gonzaga, Alunan, Montelibano, Goroceta and other prominent families in Negros, known for their benevolence in donating some of their properties for social and charitable purposes. Estefania Maravilla considered the matriarch of the Maravilla family was a spinster and Roman his nephew, was fortunate to inherit all her properties after her death.

When communities were organized to become barrios the name Estefania came in handy and the birth of Barrio Estefania came into being. Said name found further social acceptance when Roman Maravilla donated a portion of his property for the establishment of the Estefania Elementary School.

During the Marcos era, when barangays were organized, Barrio Estefania became Barangay Estefania as it is now. The Charter Day of Barangay Estefania was on May 1, 1962, as per Bacolod City Ordinance No. 109, Series of 1962.
