MISSION

The Barangay 20 Council commits to adhere and set platforms to provide the needs of the residents in sustainability of water system, clean environment, and excellent education, improve roads and other infrastructures and accessible healthcare services.

To perform better duties and responsibilities, uplifting people's lives and determine people's needs with the implementation of various developmental plans and objectives embodied by efficacious and exemplary leadership.

HISTORICAL BACKGROUND

Under Presidential Decree No. 557, the **BARANGAY** became the basic government unit in the nation's political structure on September 21, 1974.

The Barangay was created to provide popular participation in the shaping of public policy. Being so it is service and government oriented. It contains in its structure the mechanism for decisive action. Consequently, all powers and functions, duties and responsibilities of Barrios Assembly, Councils and Officials enumerated in the Revised Barrio Charter (RA 3590) was assimilated by the Barangay.

In 1974 there was a total of 60 Barangays in Bacolod City, nineteen (19) of these are legal barrios while forty one (41) are civic, having been created under PD No. 86

It was only on December 17, 1985 that City Ordinance No.08 was created approving and adopting the recommended delineation of boundaries of sixty-one (61) Urban and Rural Barangays in the City of Bacolod. This was with a total land area of Sixteen Thousand One Hundred Forty Five Point Eight Three Zero Five (16, 15, .8305) hectares. This was prepared, submitted and signed by Hon. City Mayor Jose Y. Montelibano Jr. and Hon. Vice Mayor Jose H. Las Pinas on December 19, 1985.

Barangay 20 was established in 1986 under the administration of then Mayor Alfredo Montelibano Jr. and the presidency of Corazon Cojuangco Aquino.

Based on the accounts of the residents, Barangay 20 was once a riverbank flowing from different sides of the area where people used to wash clothes, swim, etc. The first family dwell at Barangay 20 is the Llera family. As years go by, people outside Bacolod City relocate and live permanently that made population augmented. The first business establishment put up was a bakery shop.

The well-known Bacolod City Health once before a banana plantation and some part of its area has vacant space where “fiesta” and other social activities held. Meanwhile, the Sto.Niño Shrine, once part of the informal settler’s area and land owned by Judge Querubin.

Puroks named in 1952 under Punong Barangay Fortunata Mercurio. They named it as Tisa, Avocado, Ipil-Ipil and Santol. After her, Puning Barangay Homo Lapore took place. In 1989, under the incumbency of Punong Barangay Rebecca Ramos, Puroks were formalized and so then called Barangay 20 was established. Due to health conditions, her excellency ended in 2004 where acting Punong Barangay Remedios Labrador, 1st Kagawad, took over. In 2007, Punong Barangay Carl Remo Barredo was elected until 2018. Presently, Punong Barangay Edward S. Yee is the elected Punong Barangay.

Air Quality Management

Barangay 20 does not use any waste disposal process that can affect air pollution. The City Health Office located in the Barangay strictly observes a smoke-free compound.

Water and Aquatic Resource Management

Majority of the Barangay 20 Residents are dependent on the water supply provided by BACIWA. Artesian wells and Dug wells are used by some residents for household purposes.

Mambuloc Creek running through Purok Tisa and Purok Avocado is silted and full of garbage.

Several Squatter houses and illegal structures are constructed near/on the mentioned creek. As a result, garbage disposed on the creek and obstruction of illegal structures cause the clogging of Mambuloc Creek. Thus, Purok Tisa and Purok Avocado always experience flood during rainy season.

Issues Identified:

1. Purok Tisa and Purok Avocado identified as flood prone areas of Barangay 20
2. Mambuloc Creek is silted

Programs/Projects of the Barangay:

1. Regular clearing/cleaning of canals and drainage at Purok Tisa and Purok Avocado
2. Provide higher footwalks at Purok Tisa
3. Request for rehabilitation of Mambuloc Creek through our AIP

4, Implementation of Solid Waste Management

Education

Barangay 20 has one Day Care Center but has no government elementary and high schools. Most of the residents go to nearby government schools.

Health

The health of the residents of Barangay 20 is one of the main programs of the Barangay. Since the City Health Office is located within the Barangay, most of its indigent residents avail of the health services of the city government. However, cases like TB, pulmonary infections and malnutrition are common.

Issues identified:

1. Lack of medicine for indigents
2. Malnutrition
3. Some couples have many children
4. Some household do not have toilets

Programs/Projects of the Barangay:

1. Purchase medicine for the indigent residents
2. Conduct supplemental feeding for the malnourished children
3. Educate couples regarding family planning
4. Conduct yearly blood letting activities

Protective Services

Barangay 20 has barangay tanods who serve and help maintain Peace and Order in the Barangay. Due to budget constraints, the barangay tanod cannot render duty regularly

Sports and Recreation

Majority of the population are relatively young. Some are studying in their High School and College levels. However, there are also out of school youth.

Issues Identified

1. No Multi Purpose Center for sports and recreation activity.
2. No stage for presentation during cultural shows

Programs/Projects of the Barangay

1. Request for the construction of Covered Court at the Bacolod City Health Office Compound thru our AIP
2. Purchase/Fabrication of Adjustable Stage thru our AIP

Infrastructure

Transportation

Transportation is not a problem to the residents of Barangay 20 since it is located within the center of Bacolod City.

Public utility vehicle like jeepneys, taxis, and trisiklad are the means of transportation catered to the residents of the Barangay. Several of the PUJ routes are passing through the barangay.

Barangay 20 has its own service vehicle for use in the everyday activity of the barangay.

Communications

Barangay 20 hall has its own telephone line used for everyday transaction. Most of the officials have their own mobile phones.

Water Utility/Facility

Barangay 20 residents are mostly dependent on BACIWA as the main source of water supply. Although some use BACIWA supply for drinking, others use commercial mineral water.

Artesian well and dug well are also used as source of water supply at Purok Tisa

Issues Identified

1. Some Artesian wells are not functional
2. Dug Well at Purok Tisa needs repair

Program/Project of the Barangay:

1. Request for the repair of Dugwell thru our AIP

Power Supply

Barangay 20 is powered by CENECO. More than 90% of the whole population are dependent on CENECO. Less than 10% or only 12 household do not have CENECO connection.

Barangay 20 has enough street lights in the external and interior part of the Barangay.

Issues Identified:

1. Leaking roof/ceiling during rainy season
2. Termite-infested wooden stairs and doors
3. Out-of-order toilets

Program/Project of the Barangay

1. Request for the rehabilitation of the Multi-Purpose Hall of Barangay 20 through AIP fund
